About the Gala

St. Mary School is a private entity it does not receive the same state funding sources as public schools. Therefore one of the main responsibilities of the school PTS is to raise money in order to enhance learning and opportunities for students as well as meet the "wish list" needs of the faculty, staff, and administrators.

The Spring Gala is our primary fundraising event for the year. This year's Gala will raise funds for St. Mary School to assist in providing services to students, upgrading educational facilities as well as increasing technological and experiential learning opportunities for the students that depend on the high quality education SMS provides.
